

EMPOWERING EVERY STUDENT

How Do I Support All My Learners For CAST?

Join CASE and CSU Northridge's San Fernando Valley Science Project Team for a 3-part virtual series on how to support science instruction and the California Science Test where participants will:

PART 1

Thursday, March 7
4:30 PM - 5:30 PM

- Gain a deeper understanding of the design of the CAST Assessment
- Explore a variety of tools, resources, and sample assessment structures to enhance student success in the CAST
- Familiarize yourself with the Interim Assessment Viewing System for Science

PART 2

Thursday, March 21
4:30 PM - 5:30 PM

- Review protocols for analyzing student assessment data to inform progress of learning and instructional needs
- Identify resources that enhance accessibility, promoting high-quality teaching and learning within the realm of science instruction
- Explore instructional resources within the Tools for Teachers framework to enrich teaching practices

PART 3

Thursday, April 11
4:30 PM - 5:30 PM

- Utilize Interim Assessments (IAs) for science to inform instructional strategies
- Learn how to use science performance tasks formatively and access resources to support instruction
- Identify effective methods for collecting formative data from both Interim Assessments (IAs) and performance tasks to adapt teaching and learning approaches accordingly

REGISTRATION FEE

\$20 for members; \$30 nonmembers

REGISTER ONLINE

Zoom link will be provided to all registered participants prior to each session.
